

# Redefining modern living **BUSINESS EFFICIENCY.**

## **ATS AUTOMATION** *SECURITY SYSTEMS*

ATS Automation is a premier provider of integrated access automation and security solutions. For years, we have been the trusted partner for industries, commercial enterprises, and institutions that require more than just a product—they require a seamless, secure, and smart system. Our name reflects our core mission: Automation, Technology, and Security.

Sliding Gate Motors and Boom Barriers For pedestrian control, we offer everything from Automatic Swing Door Operators to sophisticated Flap Barriers and Tripod Turnstiles We specialize in critical environments with Operation Theater Doors and leverage cutting-edge technology like ANPR Systems for intelligent identification.

### What Makes ATS Automation Unique?

#### SYSTEM INTEGRATION

01

We don't just sell components; we design ecosystems. From ANPR System to Boom Barriers, every solution works together.

#### UNMATCHED EXPERTISE

02

From the powerful Corton Motor to the sleek Blade Motor, our deep technical knowledge ensures reliable product recommendations.

#### ATS RELIABILITY STANDARD

03

From Industrial Sectional Doors to Tripod Turnstiles, every product is built for durability, minimizing, downtime.

## Industrial Sectional Doors

Perfect for industrial units, warehouses, and commercial facilities.

### APPLICATIONS

- Warehouses
- Factories
- Logistics Centers
- Industrial Plants

### FEATURES

- Robust insulated panels
- Space-saving vertical opening
- Smooth and silent operation
- High wind load resistance
- Compatible with automation systems
- Thermal and sound insulation

OPTIONAL

- Switch enabled
- Open by Cellphone
- Feedback Message
- Scheduled Timer
- Multiple Users

+91-9967399864 / +91-8454068378

## Swing Door Motor

Reliable automation for single and double swing doors.

### APPLICATIONS

- Residential Homes
- Hospitals
- Offices
- Commercial Buildings

### FEATURES

- Intelligent carbon steel gearbox
- Works without limit switch
- Auto-stop on obstruction
- Soft start and close
- Compatible with access control
- Thermal overload protection

OPTIONAL

- Switch enabled
- Open by Cellphone
- Feedback Message
- Scheduled Timer
- Multiple Users

+91-9967399864 / +91-8454068378

## Swing Gate Motor

Smooth and secure motorized solution for swing gates.

### APPLICATIONS

- Residential Villas & Apartments
- Factories
- Industrial Premises
- Gated Communities

### FEATURES

- Heavy-duty motor system
- Operates with/without limit switch
- Auto rebound safety technology
- Smooth start & stop
- Remote and RFID compatibility

OPTIONAL

- Switch enabled
- Open by Cellphone
- Feedback Message
- Scheduled Timer
- Multiple Users

+91-9967399864 / +91-8454068378

## High Speed Doors

Designed for industries needing efficiency, hygiene, and climate control.

### APPLICATIONS

- Cold Storage
- Warehouses
- Food Industries
- Pharmaceuticals

### FEATURES

- High-speed opening & closing
- Energy saving with insulation
- Safety sensors included
- Durable fabric curtain
- Low maintenance mechanism
- Compatible with automation

OPTIONAL

- Switch enabled
- Open by Cellphone
- Feedback Message
- Scheduled Timer
- Multiple Users

+91-9967399864 / +91-8454068378

## Motorized Rolling Shutters

Heavy-duty shutters for shops, garages, and industrial safety.

### APPLICATIONS

- Shops & Showrooms
- Warehouses
- Malls
- Factories

### FEATURES

- Strong galvanized steel construction
- Smooth motorized operation
- Manual override option
- Auto-stop on obstruction
- Noise-free performance
- Weather and corrosion resistant

OPTIONAL

- Switch enabled
- Open by Cellphone
- Feedback Message
- Scheduled Timer
- Multiple Users

+91-9967399864 / +91-8454068378

## Boom Barriers

Smart access control for parking areas, tolls, and restricted zones.

### APPLICATIONS

- Parking Lots
- Toll Plazas
- Industrial Entrances
- Gated Communities

### FEATURES

- Fast opening & closing
- Remote / RFID compatible
- Heavy-duty gearbox
- Auto-stop on obstacle
- Weatherproof design
- Long service life

OPTIONAL

- Switch enabled
- Open by Cellphone
- Feedback Message
- Scheduled Timer
- Multiple Users

+91-9967399864 / +91-8454068378

## Sliding Gate Motor

Effortless automation for residential and commercial sliding gates.

### APPLICATIONS

- Residential Villas
- Factories
- Industries
- Commercial Premises

### FEATURES

- Heavy load-bearing motor
- Smooth sliding performance
- Auto-reverse on obstruction
- Soft start & close function
- Remote & access control compatible
- Overheat protection

OPTIONAL

- Switch enabled
- Open by Cellphone
- Feedback Message
- Scheduled Timer
- Multiple Users

+91-9967399864 / +91-8454068378

## Foldable Swing Gate

Space-saving gate system ideal for compact entryways.

### APPLICATIONS

- Farmhouses
- Residential Colonies
- Industrial Compounds
- Commercial Properties

### FEATURES

- Foldable compact design
- Strong steel construction
- Smooth motorized operation
- Auto rebound on obstruction
- Works with remote/access system
- Thermal overload protection

OPTIONAL

- Switch enabled
- Open by Cellphone
- Feedback Message
- Scheduled Timer
- Multiple Users

+91-9967399864 / +91-8454068378

## Automatic Door Operator

Convenient automation for swing and glass doors.

### APPLICATIONS

- Malls
- Hospitals
- Airports
- Hotels

### FEATURES

- Silent motorized operation
- Auto open & close system
- Infrared safety sensors
- Energy saving mechanism
- Soft start and stop
- Compatible with access control

OPTIONAL

- Switch enabled
- Open by Cellphone
- Feedback Message
- Scheduled Timer
- Multiple Users

+91-9967399864 / +91-8454068378

## Flap Barrier

Modern access control for offices, metros, and institutions.

### APPLICATIONS

- Metro Stations
- Offices
- Airports
- Corporate Campuses

### FEATURES

- Bi-directional passage control
- Fast and silent operation
- RFID / Biometric compatible
- Auto close after passage
- Stainless steel design
- Safety sensor protection

OPTIONAL

- Switch enabled
- Open by Cellphone
- Feedback Message
- Scheduled Timer
- Multiple Users

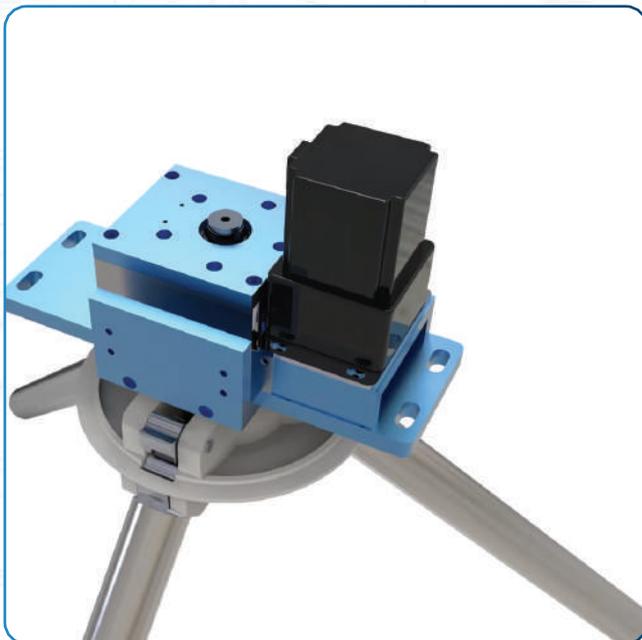

+91-9967399864 / +91-8454068378

## Tripod Turnstile

Durable entry management for high-traffic areas.

### APPLICATIONS

- Stadiums
- Factories
- Offices
- Metro & Bus Stations

### FEATURES

- Controlled entry & exit
- Compact and strong build
- Biometric / RFID compatible
- Auto lock after passage
- Corrosion resistant body
- Long service life

OPTIONAL

- Switch enabled
- Open by Cellphone
- Feedback Message
- Scheduled Timer
- Multiple Users

+91-9967399864 / +91-8454068378

## Operation Theater Door

Specialized doors ensuring hygiene and controlled access.

### APPLICATIONS

- Hospitals
- Clinics
- Laboratories
- Pharma Facilities

### FEATURES

- Hermetically sealed design
- Smooth motorized sliding
- Hygienic and sterile finish
- Noise-free operation
- Safety sensors equipped
- Easy maintenance

OPTIONAL

- Switch enabled
- Open by Cellphone
- Feedback Message
- Scheduled Timer
- Multiple Users

+91-9967399864 / +91-8454068378

## Anpr System

Automatic vehicle identification with real-time monitoring.

### APPLICATIONS

- Parking Lots
- Toll Plazas
- Corporate Buildings
- Smart Cities

### FEATURES

- Automatic number plate recognition
- High-definition camera capture
- Fast image processing
- Works in all lighting conditions
- Integrated with access control
- Cloud data storage compatible

OPTIONAL

- Switch enabled
- Open by Cellphone
- Feedback Message
- Scheduled Timer
- Multiple Users

+91-9967399864 / +91-8454068378

## Curtain Motor

Smart automation for home and office curtains.

### APPLICATIONS

- Homes
- Hotels
- Offices
- Conference Halls

### FEATURES

- Silent motorized operation
- Remote control function
- Smooth open & close
- Compatible with smart home systems
- Durable motor design
- Thermal overload protection

OPTIONAL

- Switch enabled
- Open by Cellphone
- Feedback Message
- Scheduled Timer
- Multiple Users

+91-9967399864 / +91-8454068378

## Blind Motor

Seamless control for modern motorized blinds.

### APPLICATIONS

- Homes
- Offices
- Hotels
- Meeting Rooms

### FEATURES

- Easy remote control operation
- Smooth silent performance
- Compatible with smart systems
- Durable compact motor
- Overheat protection system
- Low power consumption

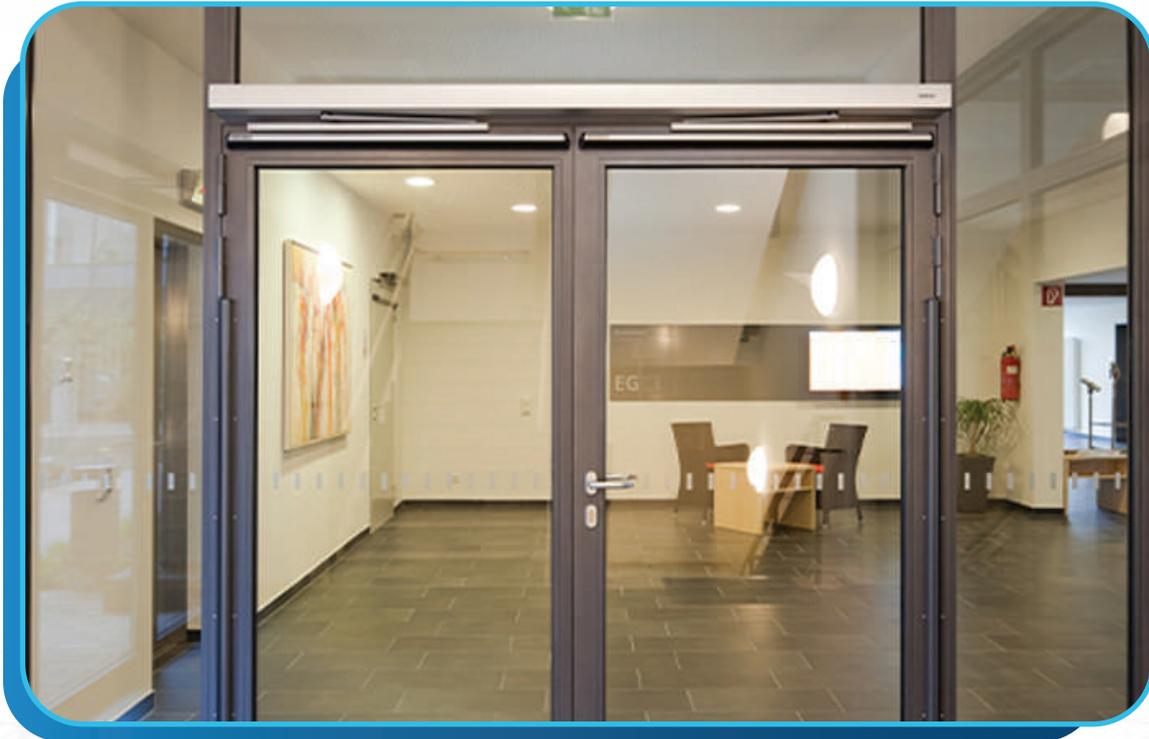

OPTIONAL

- Switch enabled
- Open by Cellphone
- Feedback Message
- Scheduled Timer
- Multiple Users

+91-9967399864 / +91-8454068378

## Automatic Sliding Glass Door

Stylish and efficient solution for commercial entrances.

### APPLICATIONS

Shopping Malls  
Airports  
Hospitals  
Offices

### FEATURES

Smooth motorized sliding system  
Silent and elegant design  
Infrared safety sensors  
Soft start & stop  
Access control compatible  
Durable and long life mechanism

OPTIONAL

Switch enabled  
Open by Cellphone  
Feedback Message  
Scheduled Timer  
Multiple Users

+91-9967399864 / +91-8454068378

## Bollard

High-security rising bollards for sensitive and restricted zones.

### APPLICATIONS

- High Security Zones
- Embassies
- Government Buildings
- Military Areas

### FEATURES

- Heavy-duty steel construction
- Hydraulic / Automatic operation
- Withstands high impact force
- Weather and corrosion resistant
- Fast rising & lowering mechanism
- Long service life

OPTIONAL

- Switch enabled
- Open by Cellphone
- Feedback Message
- Scheduled Timer
- Multiple Users

+91-9967399864 / +91-8454068378
